AFTER THE EARTH DAY ASSEMBLY

Encourage students to build on what they've learned by completing these activities!

- ✓ Celebrate the Earth
- ✓ Create an A-Z of Environmental Issues
- ✓ Discover Your Passion
- ✓ Create Your Five-Step Action Plan

What do I love about the Earth?

Decorate the Earth template with things you love about the Earth!
You might even want to write a poem to celebrate Earth Day.

A-Z of Environmental Issues

Write or draw an environmental issue or endangered creature for each letter of the alphabet. You might have to get creative for the letter 'Z'!

Five Point Action Plan

What **FIVE ACTIONS** can you take to help protect the Earth and fight for what you are passionate about?

A large green-outlined form for writing five action points. It consists of five rectangular boxes arranged in two rows. The top row has three boxes, and the bottom row has two boxes. A thick green horizontal line with circular end caps runs across the middle of the page, separating the two rows of boxes. Each box is currently empty.

Suggestions for further activities

- Host an 'Earth Party' – design invitations, posters, cakes, costumes and decorations
- Prepare a short speech to persuade others to take action on plastic pollution
- Create a playlist inspired by the Earth
- Create models or sketches of the Earth
- Create different habitats or continents for the different rooms in your school!
- Create a travel scrapbook of places to visit around the world
- Write a list of 'facts' about plastic pollution
- Write a classroom manifesto for how you will protect the Earth
- Find out more about sea creatures in the story: e.g. whales and turtles!
- Assemble your own 'Clean-Up Crew!'
- Come up with creative uses for plastic that you collect in school (or on the beach!)
